

# RESIDENTIAL FENCES/WALLS

Residential and DRL Zoning Districts, the maximum height of a fence or wall is 6 feet from the high side (Figure 2) except in required front yards (A) where the maximum height is 32 inches from the high side (Figure 2). The only exception is for a 4-foot chain link or wrought-iron fence which may be located in a front yard. The maximum height may be increased to 8 feet if adjacent to commercial development.

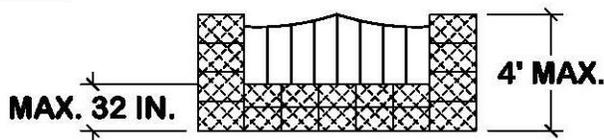

A combination of masonry and wrought-iron or chain link can be used providing fencing is 60% open (see Figure 1).

Sight visibility zones for driveways shall be provided per Section 19.7.4.J.4 and street intersections shall be per Standard Drawing No. 201.2.
