**CITY OF HENDERSON  
REDEVELOPMENT AGENCY  
MINI-FAÇADE IMPROVEMENT PROGRAM  
QUALIFICATIONS, CONDITIONS AND TERMS**

As part of the overall redevelopment strategy, the City of Henderson Redevelopment Agency, referred to herein as the “Agency,” through its Mini-Façade Improvement Program, will provide grants to eligible property owners to enhance commercial buildings and storefronts within the program designated area.

The program is administered by the Agency. **The program operates on a reimbursement basis and the applicant is responsible for all payments to professionals, City departments and contractors. The Agency will verify actual costs incurred by borrower prior to reimbursement.**

The Contract Agreement identifies the conditions, covenants and responsibilities for the grant, and is entered into by all applicants and the Agency. The general program, qualifications, guidelines and grant terms and conditions are described below.

**I. ELIGIBILITY**

**1. Applicants**

- a) Applicant must be the property owner(s) of a program-eligible building or lessee of an eligible building and have consent from the property owner for the intended renovation. All legal property owners must sign the program application, and in the case of a corporation or partnership, a corporate resolution or a power of attorney must be submitted with the application. After application approval property owner(s) must sign a notarized Property Owner Consent form.
- b) Program grants are subject to funding availability. Approval, denial, or modification lies with the Redevelopment Agency board. All applications are subject to Nevada law pertaining to public records. Unless the Redevelopment Agency board approves expedited consideration, each application will be reviewed by the Redevelopment Agency Advisory Commission, who shall make a recommendation to the Redevelopment Agency board.
- c) Applicant must have no other reasonable means available for financing the proposed improvements. The lack of another reasonable means of financing may be evidenced as follows:
  - i. An inducement for new businesses to locate or existing businesses to remain within the redevelopment area if the business would ordinarily choose to locate outside the redevelopment area if the grant were not provided. This circumstance may be evidenced by a “but for” letter or statement from the business owner, and supported by a financial review by the National Development Council.

- ii. There is a public objective and/or requirement within the redevelopment area that is more stringent and/or costly to undertake than a business would ordinarily embark upon. This circumstance may be evidenced by state or city ordinance.
- iii. There has been a lack of rehabilitation in the area and it is deemed unreasonable for the business to invest in improving the area unless the grant is provided. This circumstance may be evidenced by photographs of the immediate surrounding area displaying blight.
- iv. The exterior improvements to the property or business do not have a direct effect on revenues, therefore prohibiting the business from obtaining financing for the improvement project from a financial institution. This circumstance may be evidenced by a denial letter from a financial institution.

## **2. Building**

- a) Building must be commercial and located in the Eastside Redevelopment Area. (See Appendix “A.”)
- b) New buildings (constructed within the last three years) are not eligible for assistance.
- c) Properties affected by unresolved code enforcement issues or actions may not be eligible for participation under this program.

## **II. IMPROVEMENTS**

### **1. Eligible improvements may include:**

- (a) Painting of any portion of the building façade (including decorative architectural elements), rear entrances, and sides of building.
- (b) Construction, installation and/or renovation of awnings, marquees, doors, windows, display window lighting, tiles, pavement between door and sidewalk, and other façade improvements approved by the Agency and Community Development Department. All improvements must be compatible with adopted design standards.

**2. The Agency reserves the right to require certain minimum improvements as part of the program in order to meet the objectives of the Agency.** For example, façade repainting may be required as a minimum improvement.

**3. Maintenance type improvements such as roofing, asphalt repairs, and general structural upgrade work are not eligible unless considered to be an integral part of the façade improvement.**

4. The Agency and other appropriate City departments must approve all improvements. Improvements must comply with all City building codes, and architectural standards.
5. **Applicant is not to begin any improvements to the property before the grant is approved and signed by the Agency.** Construction, renovation or painting costs incurred prior to the execution of the grant will not be eligible for reimbursement. (Design, drawing and fee costs will be eligible for reimbursement solely under conditions discussed below.)
6. Projects must comply with the adopted Boulder Highway Investment Strategy.

**III. ELIGIBLE COST (those cost eligible for reimbursement through the Façade Improvement Program):**

1. **Permits and fees:** All permits and fees lawfully required to construct or modify the façade improvements shall be paid by applicant and shall be considered eligible cost.
2. **Construction drawings:** The preparation of detailed drawings shall be paid by the applicant and considered an eligible cost. (See Section V “DESIGN AND PRELIMINARY COST ESTIMATE.”)
3. **Conceptual design costs:** Conceptual design and cost estimates are eligible costs. (See Section V “DESIGN AND PRELIMINARY COST ESTIMATE.”)
4. **Other fees:** Credit reports and other related costs shall be paid by applicant and considered eligible cost.

**IV. GRANT TERMS**

**1. Principal:**

Any contractor not licensed in Henderson at the time of bid, must obtain a Henderson business license prior to performing work.

## **VII. MAINTENANCE OBLIGATION**

- a) Applicant shall maintain the improvements and façade of the property in good condition and in accordance with local and State building codes.
