Henderson Strong is the City of Henderson’s latest Comprehensive Plan – a citywide planning document that communicates the vision, long-term goals and objectives that guide the physical development and orderly management of growth of the City for the next 20 years. Built on a strong foundation of research and community engagement, Henderson Strong will capitalize on the City’s strengths and address weaknesses to ensure it remains a premier community.

WHY
Henderson has experienced demographic and economic change since its last Comprehensive Plan was adopted in 2006. With the economic recession and associated economic effects, it is an important time to evaluate the City’s vision to keep Henderson an attractive place for residents, students and businesses. Additionally, Henderson seeks to align local plans with the recently completed Southern Nevada Strong (SNS) Regional Plan to ensure competitiveness for implementation funding through local, state and national sources. SNS identifies a series of priorities, goals and objectives to increase the region’s economic competitiveness and the City of Henderson wants to customize and apply these principles at the local level and in ways that work for our unique community.

WHO & WHERE
Our Residents & Our Community
City of Henderson staff, industry experts, professional planners and most importantly – YOU: Henderson residents and community members, local business leaders, nonprofit groups, faith-based organizations, private and public sector stakeholders, elected officials and community groups among others to help define our shared vision for the community and help identify ways we can customize the Regional Plan strategies here in Henderson.

WHEN
Conduct research and community engagement, identify issues and develop an updated Comprehensive Plan by August 2017.

Project Kickoff
- Initiate planning process
- Identify problems, issues and concerns through research and outreach
- Develop vision, goals and objectives for the Plan

Community & Stakeholder Engagement
- Convene Advisory group, Stakeholder meetings and engage public
- Evaluate vision, goals and objectives and gather feedback

Plan Development
- Consolidate and synthesize Plan elements
- Produce Plan document
- Community presentations and public review

Quick Fact
Southern Nevada residents spend about 25% of their household income on transportation. In Henderson, over one-third of residents spend more than 35% of their household income on transportation.
