Re: Residential Landscape Rebate Program – Terms and Conditions

A) Customer Eligibility

Supplement will only be approved for single-family residential parcels located within the City of Henderson boundaries that are removing *functional turf* not subject to Assembly Bill 356. Areas to be converted must be serviced by the City of Henderson and the applicant's utility account(s) must be in good standing. Rebate checks are issued to property owners.

B) Project Size

Conversion area must be deemed functional turf and a minimum of 400 square feet. Maximum project rebate amount of \$575.

C) Authorization to Proceed

Before removing any turf, customer must have applied and been approved for the SNWA Water Smart Landscapes program. (City of Henderson to verify approval with SNWA)

D) Landscape Material Restrictions

Per HMC 14.14.050.B, once turf is removed it is prohibited to re-install.

E) Rebate Amounts and Limits

Subject to available funding and satisfaction of program terms and conditions, the City of Henderson will rebate for Single-Family Residential *Functional Turf* Removal: a maximum of \$575 and a 400 square footage minimum turf conversion. To receive the rebate check, turf conversion and measurements must have been confirmed by SNWA.

F) Important Deadlines and Restrictions

- Project conversion must be completed within twelve (12) months from application acceptance. Customer to submit approval that the conversion has been completed.
- Conversion to be completed in a single phase.
- Customers are limited one conversion per calendar year.
- Rebate payments may be considered taxable income and customers may receive a 1099 if total payments by the City of Henderson for rebates and other taxable transactions exceed reportable limits.
