

BUSINESS IMPACT STATEMENT

Title of Ordinance: 4.68 Secondhand Dealers

Anticipated City Council Meeting Date: October 1 and 15

Initiating Department: Finance

No. 1 – Will this ordinance impose, increase or change the basis for the calculation of a fee that is paid in whole or in substantial part by businesses?

Check one:

Yes

No

If no, provide the explanation for preparing this Business Impact Statement for the proposed ordinance:

Pursuant to NRS Chapter 237, the following information has been prepared and filed with the City Clerk’s office located at 240 Water Street, Henderson, Nevada 89015.

No. 2 – Description of the proposed ordinance:

The City of Henderson is proposing an amendment to Henderson Municipal Code (“HMC”) Chapter 4.68 – Secondhand Dealers. The proposed changes include updated definitions and terminology, reorganization and streamlining of the chapter for clarity, clarification of license categories, increased license limits on certain license categories and providing additional detail for the scrap metal industry.

No. 3 – Notification was sent to the following entities (check all that apply):

- Henderson Chamber of Commerce
- Las Vegas Metro Chamber of Commerce
- Boulder City Chamber of Commerce
- Saltzman Mugan Dushoff
- Griffin Company
- Kaempher Crowell
- Strategies 360

No. 4 – Summary of the comments gathered and of any workshop held regarding the proposed ordinance:

No comments were received.

No. 5 – Estimated economic effect on businesses by the proposed ordinance:

a. Explain the adverse and beneficial effects:

The proposed ordinance amends an industry specific regulatory framework that provides a legal structure on how to operate within the City of Henderson. This has both an adverse effect in that some actors will not want to conform to the updated HMC, and a beneficial effect by increasing the number of available licenses to certain operators. Another benefit for the community is that this proposed ordinance will curtail the sales of illegally obtained scrap metals.

b. Explain the direct and indirect effects:

The direct effects of implementing the proposed ordinance will be the increase of the maximum number of licenses issued for certain types of secondhand dealers. This will potentially increase competition for these specific licensees. For certain specific secondhand transactions, extra steps and limitations on purchases will be required and are all also a direct effect. Other retailers would be required to comply with reporting requirements under NRS Chapter 647, but would not need to submit to a background investigation in order to obtain a Henderson Business License. No indirect effects have been identified.

c. Number of businesses likely to be affected by the proposed ordinance

Variable. This would be dependent on the number of applicants and that number cannot be determined at this time.

No. 6 – Describe the methods considered and/or used to reduce the impact of the ordinance:

The proposed ordinance includes provisions to increase the number of certain specific secondhand dealer licenses available. The proposed ordinance also has a classification of secondhand dealers that will no longer be required to submit to a background investigation.

No. 7 – Estimated cost of enforcement of the proposed rule:

Covered by current Business Operations Division staff and budget.

No. 8 – Estimated revenues expected to be generated by the proposed ordinance and the manner in which the money is to be used:

\$0 to \$5,000 annually, dependent on number of applicants per year.

No. 9 – Are the provisions of the proposed ordinance duplicative or more stringent than existing local, state, or federal standards?

Yes

No

If yes, explain:

Ordinance is similar to those being adopted in other Southern Nevada local jurisdictions and in compliance to Senate Bill 243 of the 2023 Nevada Legislative Session.

No. 10 – State the reasons for the conclusions regarding the impact of the proposed ordinance on businesses.

Ordinance is in compliance with guiding Nevada Revised Statutes (Senate Bill 243 of the 2023 Nevada Legislative Session).
