School Districts

Note: For the purposes of this analysis, large school districts are defined as those with at least 25,000 students enrolled across all levels of instruction; 304 districts meet this criteria.

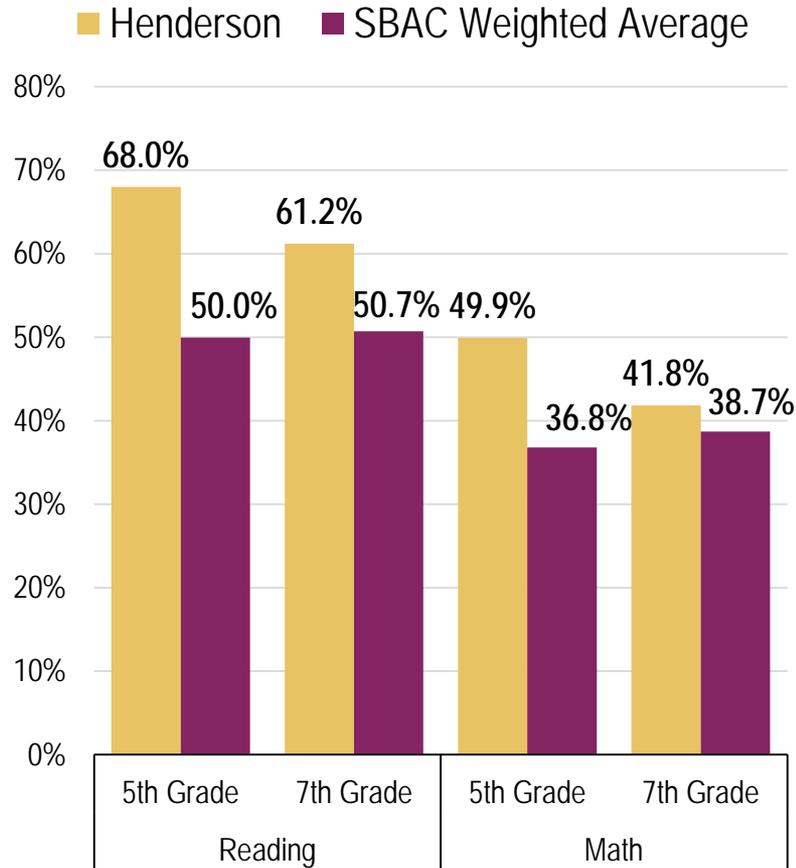

Smarter Balanced Assessment Consortium

The SBAC is a group of 15 states that administer the same type of proficiency tests, allowing for direct comparisons.

Note: Because of variations in curriculum, testing, and proficiency standards across the U.S., proficiency comparisons are limited to these states.
