FIRE PLAN REVISIONS

Effective immediately, when revised plans are submitted, every sheet that is part of the plan set must be submitted, whether there are any changes on that sheet or not.

Submitting a complete set will help facilitate plan review in a timely manner as well as improve record keeping.

Note:

***All sheets not revised SHALL have the previously approved version of the stamped plan.**

***Be sure in your resubmittal letter that you explain what the revision is for.**
