# GREETINGS FROM MAYOR DEBRA MARCH

Welcome to the City of Henderson!

As Mayor, I have the privilege of representing one of the most vibrant and exciting communities in America. We take pride in providing our residents with the best services and amenities possible. Situated in sunny southern Nevada, our residents enjoy the highest quality of life in the Las Vegas Valley. It is my pleasure to share with you what makes our thriving city a premier community.

Incorporated in 1953, Henderson is Nevada's second largest city and home to more than 317,000 residents. Our city has been recognized time and again as one of the "Best Places to Live in America" by Money magazine and others. With nationally accredited police and fire departments, Henderson has also been named among the safest cities in America for its size.

Our favorable tax structure, award-winning parks and trails, incredible climate, outdoor amenities and outstanding master-planned communities all combine to help make Henderson one of the best places to live, work, play, or retire. Henderson is also home to thriving cultural arts and nationally recognized special events, but we work hard to retain our small-town values and atmosphere. Annual events and local parades are still held in the Water Street District, our original "main street."

With world-class resorts, restaurants, golf courses, spas and shopping, Henderson is also just minutes from Harry Reid International Airport International Airport, and sits directly between the I-15 and I-11 making it easy to travel to and from our city from anywhere in the United States or around the world. And our community focus on healthy lifestyles, healthcare, economic development, and quality education help ensure that businesses and families alike will have the resources and amenities they need to be successful.

If you still have questions after reviewing this booklet, I encourage you to contact us by phone, mail or through our website at [cityofhenderson.com](http://cityofhenderson.com). I also encourage you to follow us on our social media channels including Facebook, Twitter, Instagram, YouTube, and NextDoor. We would be delighted to hear from you and help in any way we can.

See for yourself why Henderson is the place to call home.

Sincerely,

Debra March, Mayor  
City of Henderson

## SCHOOLS

Henderson offers excellent educational opportunities for residents of every age. The City of Henderson invests millions of dollars in public schools through funds generated by redevelopment areas in the community and through the marijuana business license fees that are set aside for education. Our public schools outperform the national averages in reading, math and graduation rates according to a report by research firm Applied Analysis. The results also show that Henderson's collective graduation rates are higher than both the national and state averages.

Henderson offers Safekey and Teen Scene, before- and after-school care for elementary and middle school students. For more information, please visit [ccsd.net](https://ccsd.net) or [cityofhenderson.com](https://cityofhenderson.com).

## WATER CONSERVATION

Southern Nevada is one of the driest communities in the country. Many years of record drought have shown us just how vulnerable our limited water resources can be. We must all work together to preserve our community's water supply so we can meet our future water demands.

It is estimated that over 50% of water used in the City of Henderson is used outdoors, and the majority of that is used to irrigate outdoor landscaping. The most effective impact you can make on water conservation is to reduce outdoor use. One way is to convert water-thirsty natural turf to drought-tolerant landscaping, which saves 55 gallons of water per square foot per year than grass.

The City's Department of Utility Services has continually worked to be efficient, sustainable and innovative when it comes to water conservation. The City of Henderson's water reclamation facilities supply highly treated wastewater to golf courses throughout Henderson. By providing this reclaimed water to the golf courses, no additional water from Lake Mead has to be used.

## WATERING SCHEDULE

Visit [cityofhenderson.com](http://cityofhenderson.com) to find your [watering group](#).

- Watering on Sunday is prohibited all year.
- Outdoor irrigation is prohibited 11am-7pm during the summer. Irrigate during the day in winter to prevent water freezing on sidewalks.
- Draining into the street is prohibited and may incur a fine. The proper way to drain swimming pool and/or hot tub water is into the sewer port. It is important to capture the water so that the water can be recycled and reused.

Text CONSERVE to 85357 for text message reminders when it's time to change your irrigation clock.
